## PROFILE

Junior Full Stack Engineer with experience in front-end and back-end development, seeking to leverage technical skills and passion for web development. Proficient in HTML, CSS, JavaScript frameworks, Node.js and databases to contribute to innovative projects and learn from a dynamic team. Committed to staying updated with industry trends and passionate about building scalable, user-friendly and efficient solutions.

---

## EDUCATION

### St. Clair College of Applied Arts and Technology

Diploma in Computer Programming

September 2023 - Present

---

## PROFESSIONAL EXPERIENCE

### Tata Consultancy Services

#### Software Engineering Intern

April 2023 - August 2023

- Collaborated on a team project to build a web application using HTML, CSS, and JavaScript, enhancing front-end development skills and understanding of user experience.
- Participated in coding challenges and hackathons, which sharpened analytical thinking and problem-solving abilities in a time-sensitive environment.
- Utilized Git for version control to manage project contributions, ensuring code integrity and fostering teamwork.
- Actively participated in daily stand-ups and sprint planning sessions, gaining exposure to Agile practices and improving collaboration with team members.
- Assisted in creating and maintaining project documentation, enhancing communication and knowledge sharing within the team.

---

## SKILLS
